TALK about hard times if you want to, but how does this sound from the Cin-cinnatl Post? "Anyone taking a night trip by rail through Ohio at this time will find the factories all over the State alight and humning. Can't keep up with our orders, is the prevailing testimony. The crops, except corn, are in; money plenty; railroade can't move their freight fast enough; the stock of made-up goods is low; and business is booming 'til you can't aleep."

NOME reports indicate that Judge G. M. Thomas has not yet tally accepted the Congressional nomination tendered him by the Republican convention Tuesday, but that his acceptance is conditional upon the party the "boodle fund," he sgreeing to give liberally to the fund—Times-Democrat.

The Democratic party has been unfaired. on that subject lave a Democratic origin. The Democratic party has been unfaitering it is advocacy of the cause of the workingman, and its record is replete with signal instances of its sincerity in that cause. It has opposed under all circumstances the designs of the Republicians to strengthen the hands of monopoly and make labor a sort of heiotry in this country. In Congress and the Legislature the most stubborn battles have been fought by the Democrats in behalf of the rights of labor and the curtailment of the power and insolence of monopolies. The neglect and indifferance of the Republician Senate during the past session The neglect and reministers.

The movements of Marshal Gross and his departies have no greater general interest than those of officials in North Carolina and other States, but it is only from Kentucky that we hear minutely of the purposes of the officers in chase of some poor savage of the mountains, who has been guilty of distilling a few quarts of his native whisky. He is few quarts of his native whisky. He is to be hunted to the death by men armed like a Prussian soldier with illimitable like a Prussian soldier with illimitable slanghter, while his house is to be blown up at a safe distance with dynamite. It all sounds very romantic, but the circus in Eastern Kentucky is confusing all good opinion and knowledge of Kentucky in the East. There is no doubt in Eastern minds about the settled ferocity of the minds about the settled rerocity of the native. The Times very promptly retracted some hasty and inconsiderate remarks it made about the Harvey Myers affair."

Comments on the Contest.

Judge Wall will represent this district
in Congress for the next two years. Mark
that down in your hat.—Robertson County Democrat.

The deliberations of the August. The deliberations of the Augusta con-vention to nominate a candidate for Con-gress resulted in the selection of Hon. G. S. Wall, of Mason, on the seventh ballot. We had squething to say several weeks agoregarding the nomination of Wall, but since it is the will of the majority that he since it is the will of the majority that he should wear the mantie—that in their wisdom and julgment he is the man to redeem the district—we humbly submit, and hope the good fortune tendered this son of Mason in September will steal stead-ily on to a sweeping Democratic victory in November. We extend to the nominee our good will, and stand ready to aid in his election.—Cynthiana Democrat.

Although Judge Savage came out of the Congressional race a loser, he has at all events gathered from the people who have heard him a golden harvest of good opinions of which any man might be proud. The dignity of his bearing, the extent of his information, the serious tone of his discussion, and the clearness of his arguments mark him as a man of stable. arguments mark him as a man of ments and one worthy of honor. He was comparatively unknown to the mass people of the district until he en the people of the district until he en-irered the canvass and introduced himself in his speeches, but he won admirers even though the condition of the canvass would not allow them to hecome sup-porters.—Catlettaburg Leader.

The convention which met at Augusta The convention which met at Augusta the other day did splendid work in nom-lanting Judge Garrett 8. Wall for Con-gress. He is just the man to redeem this district from Republicanism and restore it to the place it occupied in the days of Rice, Phister and Stanton. We are na-turally Democratic by a majority of fifteen hundred, and it is only because, through the machinations of unscrptlous politi-cians we are ever defeated. We have factions in our ranks, but Judge Wall can heal them. He has a record as a man, the latter than the cord as a man, the has a record as a man, factions in our ranks, but Judge Wall can heal them. He has a record as man, lawyer, judge, and politician which is entirely spotless. He is an excellent debater, well posted in the history of his country, a man of the people, well liked at home, and makes friends abroad. In the prime of life, active and industrious, he will make a spiendid and triumphant campaign, and in Congress he will be the peer of his fellows. Let us ratify his nomination by giving him a rousing majority in old Lawrence.—Big Sandy News.
